

## 实验方案检查单

### IACUC Protocol Preparation Checklist

提交方案前请确保以下信息完整

Please review this checklist to ensure that your IACUC application materials are complete before you submit:

只有首席研究员可以提交动物实验方案。

The individual listed as Principal Investigator (Lead Researcher) is eligible to serve in that capacity.

所有管理委员会要求的材料都完整。

All other required regulatory committee approvals have been obtained or are in process, such as:

重组 DNA 或生物安全相关证明材料

Institutional Biosafety Committee (IBC) – recombinant DNA, materials of human or non-human primate origin, toxins, select agents, etc.

人源组织使用材料

Institutional Review Board (IRB) – use of human subjects

实验动物方案通过实验动物管理系统提交，详情参见实验方案撰写指南。

Your Animal Use Protocol (AUP) have been completed and submitted in the Laboratory Animal Management System (LASMS)- See the Application Writing Tips & Guidance for more info.
